

**GREENET®**

# Environmental DIPLOMA

awarded

**PMC Hydraulics A/S**

**For extraordinary environmental work and working environment**

**PMC Hydraulics A/S is working actively and seriously to reduce its environmental impact on the surroundings and improve its working environment.**

**GREENET found that PMC Hydraulics A/S meets GREENETs requirements for environmental and working environmental performance.**

**This means that PMC Hydraulics A/S:**

- has prepared a report after GREENETs environmental manual and Green Networks working environmental manual
- has identified the key issues in the environmental and working environmental work
  - has set targets for continuous improvement
  - has made their report, including policies, objectives and action plan available to the public

PMC Hydraulics A/S, Lammefjordsvej 2, 6715 Esbjerg N, Denmark, receives diploma for the 6. time.

Diploma covers the period from spring 2016 to spring 2019.
